

## **Want to travel and sketch in the Dordogne Region of France this summer?**

**Week 1 - Saturday June 23 through Friday June 29.**

**Week 2 - Saturday June 30 through Friday July 6.**

Sketchy Tours is offering an opportunity of a lifetime. Spend a week in an authentic French Estate while connecting to place through artistic expression. Your villa is a 16th Century Château, set in a large walnut grove, with a secret garden and a large pool.

We travel locally at a relaxed pace, with a flexible agenda and an integrated approach to taking-in French culture and countryside. Fun and low-key immersion in the art of observation and expression is lead by professional art educators and native speakers. Make friends, learn skills, create art and take home a sketchbook of your personal journey.

If this sounds like a good match for your traveling style, then welcome to
